I'm a little insane, I'm a little deranged  
I got this stake stick in my heart  
Eyes filled up with rage, haven't slept in 10 days  
But it's the fuel I need and I shall rise above

Blood in and blood out  
And don't you ever fucking let me down  
Blood in and blood out  
And don't you ever fucking

Now you're back in the game  
Can't keep up the pace  
This race was mine from the start  
Fuck life in the cage, break all the chains  
The fuel I need and I shall rise above

Blood in and blood out  
And don't you ever fucking let me down  
Blood in and blood out  
And don't you ever fucking

Lie for the money and die for the money  
And cry 'cause you're all underpaid  
Lie for the pussy and die by the pussy  
And cry in a world of pain  
And you, that fucking fashion queen  
Fuck the fashion, fuck the city and that dream

Blood in and blood out  
And don't you ever fucking let me down  
Blood in and blood out  
And Don't you ever fucking
