This song is called 'Red Harvest'
Destroy, go

How many people can I hate in my mind
With an intention of murder?
Because the people fear me, the people bleeding
Once they're conditioned, it's easy to provoke
aggression
This premonition is evil

Killing begets more killing
The blood lust begins
Killing begets more killing
The blood lust begins

What kind of visions can I build in my mind
To harvest the hearts of the people?
To create the fever you need a reason
Once they're conditioned, it's easy to provoke
aggression
This premonition is evil

Killing begets more killing
The blood lust begins
Killing begets more killing
The blood lust begins

It makes me feel alive in my eyes
It makes all the pain subside

Just out after sunset
I take a walk down the streets
You know, try to clear my head
And I feel like I gotta put my fist upon the wall
Feel the cold concrete as it tears apart my control

Take it and feel it, you freak
I feel I'm breaking down now
Take it, feel it, you freak
I feel I'm breaking down now

Take it, feel it, you freak

I feel I'm breaking down now
Take it, feel it, you freak
I feel I'm breaking down now

Take it, feel it, you freak
I feel I'm breaking down
Take it, feel it, you freak
I feel I'm

Take it, feel it, you freak
I feel I'm fucking up
Take it, feel it, you freak
I can't get out
