We're all going someplace sometimes
It depends on just how you feel
You take me, ah today you take me out drivin' so
I don't got a think how i feel
[Chorus]
Yeeeeeeeeahhh..
oh, your holy roses
tripped across my mind
yeaaaaah
its gonna be a long september
yeah, i think i'll need all of my life
just to get by,

Yea, time waits for no one no where
Yeah boys stop dragging your heals
Oh! to late, oh, tonight i feel like i'm dying
and i can belive what i just saw
[Chorus]
Yeeeeeeeeahhh..
oh, your holy roses
tripped across my mind,
yeaaaaah
its gonna be a long september
yeah, i think i'll need all of my life
just to get by,
I wanna make it right..
I wanna make it right..yeah
Yea after all, we gave it our all...
[Chorus]
Yeeeeeeeeahhh..
Oh, your holy roses
tripped across my mind
yeaaaaah
its gonna be a long september
yeah, i think i'll need all of my life
just to get by,

(Yeah,Just to get by)
(yeah,Just to get by)
