I wanna wake up with a reason to celebrate  
I wanna wake up before it's too late  
I wanna hear that song on the radio  
Spinning around my head like a halo

As I fade to another place  
Where I dream while I'm still awake  
I feel shame as it waves away  
I think that she's still blind  
It's just another day

A hated old man, you used to live for the heroin  
You look shooting star leaving impressions  
Now you're sitting alone in your rocking chair  
Wishing you could rock it right out of there

As I fade to another place  
Where I dream while I'm still awake  
I feel shame as it waves away  
I still think that she's still blind  
It's just another day

It's hopeless devotion  
It drags me down, it weighs a thousand pounds  
I'm drowning in all these lies  
How can this be true? I have been denied

It's hopeless devotion  
It drags me down, it weighs a thousand pounds  
I'm drowning in all these lies  
How can this be true? I have been denied

It's hopeless, I have been denied  
I have been, I have been denied  
I have been denied  
How can this be true?  
I have been denied  
I have been denied, denied
