I see right through to you
See right through to you
See right through to you

I see right through to you
It's not like I don't feel your mood
What you have for me is different
Than the rest that moves
I'll be positive I know that I could be there to
Cause you have it all, you have it all

I see right through to you
See your every move
See right through to you
See your every move

I know you now
I read your mind
You've shown somehow
What I could find
One the inside there you will see
We're all alike you and me

I see right through to you
See your every move
See right through to you
See your every move
