It was too hot to thing us sweeping, tossing and turning
Waiting for a girl like you feeling lonely
I am lost in the sea of love, It's only you that I am
Thinking how
I don't know what I would do if I had to live my life
Without you

Oh I wish it was a magic night, So we can dance to the
Morning light
Moving together body and soul, Body and soul under
the
Stars
Oh I wish this was a magic night, So we can dance into
The morning light
Moving together body and soul, body and soul

What wonderful moments we had, moments of passion
Never thought I'd ever be live so lonely
I am lost in the sea of love, It's only you that I am
Thinking how
I don't know what I would do if I have to live my life
Without you

Oh I wish it was a magic night, So we can dance to the
Morning light
Moving together body and soul, Body and soul under
the
Stars
Oh I wish this was a magic night, So we can dance into
The morning light
Moving together body and soul, body and soul
