There's a kind of hush all over the world, tonight
All over the world, you can hear the sounds of lovers in
love
You know what I mean, just the two of us and nobody
else concerned
There's nobody else and I'm feeling good, holding you
tight

So listen very carefully
Closer now and you will see what I mean, it isn't a
dream
The only sound that you will hear
Is when I whisper in your ear, "I love you, forever and
ever"

There's a kind of hush all over the world, tonight
All over the world, people just like us are falling in love

So listen very carefully
Closer now and you will see what I mean, no no, it isn't
a dream
The only sound that you will hear
Is when I whisper in your ear, "I love you, forever and
ever"

There's a kind of hush all over the world, tonight
All over the world, people just like us are falling in love
Are falling in love, falling in love
