

## Engelina "Chemistry"

Visit "[Chemistry](#)" on [MotoLyrics.com](https://MotoLyrics.com)

Let the music be a part of you  
When we're flying  
When we're flying  
Let the music be a part of you  
When we're flying  
Like we do

I feel it intensively  
Something I can't explain  
The pulse inside of me  
It hollers out your name  
Right in this beat  
Baby this is insane  
It's all inside of me  
It's something I can't explain

Let the music be a part of you  
When we're flying  
When we're flying  
Let the music be a part of you  
When we're flying  
Like we do

When we're flying  
When we're flying
