

Engelina "You've Got A Way"

Visit "[You've Got A Way](#)" on MotoLyrics.com

You've got a way of making sunshine of the rain
You've got a way of turning ashes into flames
I can't believe you're making darkness into light
You're making all my contradictions turn out right

You're in my horizon everywhere I see
And when I try to reach you you're right next to me
Every time I think I'm close you take me closer
Even now when you're away I feel you're near

You've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
Like you make all the famous clich's sound so right

Every time I think I'm close you take me closer

Even now when you're away I feel you near

You've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
You're making all my contradictions turn out right

You've got a way of making sunshine of the rain
You've got away of turning ashes into flames
I can't believe you're making darkness into light
Like you make all the famous clich's sound so right
