Engine - 'Just Feel Like Smiling'
(Words & Music: P. Wade / R. Hughes / D. Cornes)
(Beak Records, 1989, Beak1)

I don't want no fuss, all I want is to have a good time,
Nothing gets me down, because I've learned to make
myself feel fine.

Don't feel like sighing, don't feel like crying,
Just feel like smiling
Today, hey-hey-hey.

As I look around, it seems like everybody's feeling low,
But life's what you make it, gotta get up and give it a
go.

Don't feel like sighing, don't feel like crying,
Just feel like smiling
Tonight, alright.

I'm gonna enjoy life, and forget what all the killjoys
say,
Because I know I'm right, and I know they'll regret it
one day.

Don't feel like sighing, don't feel like crying,
Just feel like smiling
Alright, alright, yeah.

Just feel like smiling, just feel like smiling, just feel like
smiling,
Smiling!
