"Sometimes I Realise"

Time was slower in there
Flowing back to the start
Tell me when take me there
Tell me how we should part

How has it come to this?
Met with a wall of silence
Feelis like I lost my grip
We let it go too far

Sometimes I realise
It's not me
One thing I've yet to find
Has found me.

[2x]

Time was slower in there
Held me back from the start
Are you going nowhere?
Now's a good time to part

Wide off the mark we missed
Though we remained defiant
And now it's come to this
Now that we've come so far

Sometimes I realise
It's not me
One thing I've yet to find
Has found me.
