Psycho killer on the loose again  
Demented brain in constant pain

Stealing through the night with a knife  
Don't know who but he's after your life  
He don't care who you are jelly  
For brains he's gone too far  
Evil round the corner tonight  
He's still there don't wanna fight  
Steel blade shining in the moon  
With a tint of deep maroon

Psycho killer on the loose again  
Demented brain in constant pain  
Psycho killer in agony ruthless moron again is free [x2]

He remembers you from years ago  
When he gave you torment don't you know  
Now he's back with sharp revenge  
8 inch girth and he's deranged  
Took 5 years to find you out  
Now you're marked without a doubt  
Bumps at night when you're in bed  
Face at the window burning red

Psycho killer on the loose again  
Demented brain in constant pain  
Psycho killer in agony ruthless moron again is free [x2]

In his sights he has you now  
Through the bed sheets the steel knife ploughs  
Screaming out in bloody pain  
Revenge complete inside his brain  
In his mind he's satisfied  
Content you have died satisfied  
Crimson lust another one has bitten the dust

Psycho killer on the loose again  
Demented brain in constant pain  
Psycho killer in agony ruthless moron again is free [x2]
