"Forget Me Not"

You leave the light on at your door

You cross your heart and cross the bedroom floor

And thru the window to your world

You can feel me there, and you know I'm waiting

You taste the words of my forbidden kiss

Our eyes connect and we both know what this is

Chorus:

I will be your keeper, you possess the key

Forget me not, forget me not, 'cos you belong to me

I will be your shadow, when you walk away

Forget me not, forget me not, I will follow you until your
dying day

A thousand lifetimes long ago, we made a promise, we
would not let go

And so I come for you tonight, and we live again,
before we lose each other

I climb the stairway to the open sky

You are my universe, I won't be denied, no

chorus

(Instrumental break)

When I touch you, you'll be touched by love

I climb the stairway to your world

You can feel me there, and you know I'm waiting

chorus

(Forget me not, forget me not) 'Cos baby you belong to
me, always

(Forget me not, forget me not) You're everything I see

And baby you belong to me (forget me not, forget me
not) you're mine

Oh no no no no no (forget me not, forget me not)

Baby baby baby baby, you belong to me (forget me not,
forget me not)

'Cos baby you belong to me (forget me not, forget me
not) oh yeah

(Forget me not, forget me not) (repeats out)
