I love you for so many reasons
Which means I love you for all seasons

First of all, I love you with the freshness of a spring day
Then I love you with hot passions like the summer sun
When June's here to stay
I don't know how to explain my love's seasonal change
It seems never the same--all I know is

I love you for so many reasons
Which means I love you for all seasons

I love you with the gentleness of a falling leaf on an
autumn day
But most of all, I love you with the briskness of a winter
When the snows come out to stay
I don't know how to explain my love's seasonal change
It seems never the same--all I know is

I love you for so many reasons
Which means I love you for all seasons

(Autumn, summer, winter, springtime)

I love you for so many reasons
Which means I love you for all seasons

(repeat to fade)
