You and me, girl (uh huh)  
Go a long way back  
And I'm so proud  
I'm so proud

You and me, girl  
Go a long way back  
Yeah, we go a long way back

I remember when  
Loving you wasn't easy  
It wasn't easy, baby

But I stuck on in there with you  
And we made it  
Sugar, we made it  
Through it all

Now let's keep it up  
'Cause I ain't had enough  
No, no

You and me, girl  
Go a long way back  
Such a long, long, long, long way

You and me, girl (yeah, girl)  
Go a long way back  
Yeah, yeah  
We go a long way back

And I know you remember  
When trying to love me wasn't easy  
It wasn't easy, baby

But you stuck on in there with me  
And you see, huh, we made it  
Just you and me and we love each other so  
Girl, we can't let each other go, no, girl

You and me, girl  
Go a long way back

Such a long, long, long, long way  
Yeah, girl

You and me, girl  
Go a long way back  
Yeah, we go a long way back

Ah, ah, ah  
You and me, baby  
Ooh, ooh, ooh...

Oh, just you and me  
And we love each other so  
Girl, we can't let each other go

You and me, girl  
Go a long way back  
I wanna thank you, girl  
A long way back

We go a long, long, long  
Long, long, long, long  
Long way

We go a long, long  
Long, long, long way  
A long way back
