Yes, I'll be down your street again quite soon  
And don't ignore me when I wave at you  
For although I'm looking rather sad  
I'm all you've ever really had  
And when you're desperate, you will hold me  
Hold me to that

Took your hat off in Wisconsin  
Took your head in Vietnam  
Dying to become a man  
Well, I am your flag  
I am your flag, I am your flag

I spend all of my time just looking for the big hit  
(Hit, hit, hit, hit)  
So long getting there, there's no time left to use it  
So let's raise a smile of victory, impressed in dental  
surgery  
When you need cover, you can use me, buried at sea

Freedom's just a new deodorant  
The money's spent and you've been had  
You don't believe me? ask your dad  
I am your flag, I am your flag  
I am your flag

So as I fly so proudly you will see  
That you won't dare break up this family  
See the happy children on parade  
With wooden guns that mother made  
And see me dancing in the breeze  
That blows them away

I ran into Northern Ireland  
I ran into Afghanistan  
Dying to become a man  
Well, I am your flag, I am your flag  
I am your flag

I am your flag, I am your flag  
I am your flag
