This world is upside down  
The rights and wrongs don't get much wronger  
Mistakes found in the past  
Turn into rules protecting power

It's falling down, it weighs a lot  
So you should not depend on it  
This world is upside down  
But look, I can't hang on for much longer

Sugar and stress, do everything at least twice  
Catch your fingers in your private vices  
Sugar and stress, with a heart like ice  
Hope Heaven comes in a number of size

These thoughts are so unfair  
If something's there then it's worth taking  
We know where our hearts are, right behind our wallets  
Yes and that's where they're staying

Grow up together but we grow apart  
Always climbing up is our downfall  
A change of blood or a change of heart  
Another change of address will do no good

Sugar and stress, do everything at least twice  
Catch your fingers in your private vices  
Sugar and stress, with a heart like ice  
Hope Heaven comes in a number of size

This world is upside down  
The rights and wrongs don't get much wronger  
Mistakes found in the past  
Turn into rules protecting power

It's falling down, it weighs a lot  
So you should not depend on it  
This world is upside down  
But look, I can't hang on for much longer

Sugar and stress, do everything at least twice  
Catch your fingers in your private vices

Sugar and stress, with a heart like ice  
Hope Heaven comes in a number of size

Sugar and stress  
Catch your fingers in your private vices  
Sugar and stress  
Hope Heaven comes in a number of size

This world is upside down  
This world is upside down  
This world is upside down  
But look, I can't hang on for much longer
