The hatless tramp is on the ground  
Over there he's lying down  
While the chavs in burberry  
Pile in without pity

[Chorus:]

The whole world's fucked with fucked up people  
Fucking up fucked up peoples lives  
Now until the end

In the whorehouse nothing's free  
Here's a ten-bag follow me  
A sack of puppies always drowns  
Crank it up, get 'em down

There's a ginger boy at school  
Big boys beat him and are cruel  
Goodbye mother what's the use  
Oak tree, dark night, tight noose
