Rise, my dear, we've going to leave  
Our journey has just begun  
It will lead us to dreams  
The forefathers dreamt  
We will follow to where  
The best of us went  
We will challenge the unknown  
The time we have spent  
Seeing the bridges to yesterday burn  
Knowing well: we will never return

Ride, my dear, we're going to rest  
When our journey has come to an end  
We will love, we will lose  
We will never look back  
Where the bridges to yesterday  
Gather in blaze  
We will burn at our own  
Towards horizon the gaze  
Leaving good advice where it belongs  
Rhyming wars in our juvenile songs

Years have passed and iron I'm dressed  
Our journey is no longer mine  
It has led me to realms  
The forefathers knew  
The best of us vanished  
Under wounds rest a few  
Is sparkling the due  
And you, dear, sleep smoothly in dreams  
Where the bridge is as strong as it seems
