Shoe you inside and you will see
Feel what just money can bring
Can you see?

That's the look, that's the look
That's the look of today
That's the look, that's the look
That's the look

You have a problem, I can help
Buy it and be yourself
'Cause you know

That's the look, that's the look
That's the look of today
That's the look, that's the look
That's the look

So many trends just fade away
Before you can wear it
It's a pass a blade
Can you see?

That's the look, that's the look
That's the look of today
That's the look, that's the look
That's the look

You are so stylish, you're so vain
Sometimes I think you have no brain
But you know

That's the look, that's the look
That's the look of today
That's the look, that's the look
That's the look

That's the look, that's the look
That's the look of today

That's the look, that's the look
That's the look of today

That's the look, that's the look
That's the look
