Chill, chill, chill  
Chill, chill, chill  
Chill, chill, chill

Traces, many faces  
Lost in the maze of time  
Blinded by the darkness  
That's the start of the seven lives

Chill, chill, chill  
Chill, chill, chill  
Chill, chill, chill

It's too close, but still too far  
Follow your inner guide  
Show us who you are, are, are  
In these seven lives

Chill, chill, chill  
Chill, chill, chill  
Chill, chill, chill

Take it easy  
Take it easy, take it easy  
Follow your inner guide  
Show me who you are  
In these seven lives

It's too close, but still too far  
Show me who you are  
In these seven lives  
Close but still too far  
Show me who you are  
In these seven lives
