Here's the mirror  
Behind there is a screen  
Turn around  
On both ways you can get in

The experience of survival

Look around just people  
Can you hear their voice  
Find the one who'll guide you  
To the limits of your choice

The experience of survival

Try to think about it  
That's the chance to live  
Your life and discover  
Try to think about it

The experience of survival  
The experience

The experience of survival  
The experience
