No need to worry
Folks in a hurry
Leave them behind you
No one can find you

House in the country
House in the country

All the relaxin'
Will soon fill the cracks in
Good for your head too
If you are led to

House in the country
House in the country

Green surrounding
Love abounding
You won't find
A manhole there

Yes, yes I need you
Come let me feed you
I've never tried to
Come let me hide you

House in the country
House in the country

I have never brought
Anybody there
Bring your own chair
To sleep in

When we arrive
After the drive
Then you can shower
And talk for an hour
Then sleep in your chair

Sleep on the floor there
Don't ask for more there

Sun wakes you up too
Glad you came up to

House in the country
House in the country

La la la la la, la la la la la
La la la la la, la la la la la

House in the country
House in the country
House in the country
(La la la la la, la la la la la)

House in the country
(La la la la la, la la la la la)
House in the country
(La la la la la, la la la la la)

La la la la la, la la la la la
La la la la la, la la la la la
La la la la la
