(Al Kooper, I. Levine)

I can't quit her  
She's got a hold on me  
She got her hand on my soul  
I can't quit her  
'cause I see her face everywhere I go  
In the city streets, in the country fields  
In the back of my mind  
I know it can't be real  
For a woman to possess  
All the tenderness she had  
But the hands of time  
Keep tickin' on my back  
'cause it's been so long  
Since I had her back beside me,  
Yeah, I know

I can't quit her  
'cause in my darkest night  
She comes on like a light  
I can't quite her  
Try as I may, with all my might  
She had a woman's touch  
And a young girls eyes,  
And in seconds flat I was pros'lytized  
Turned around,  
And made to feel sweet love  
But the hands of time  
Keep tickin' on my back  
'cause it's been so long  
Since I had her back beside me

True love is somethin'  
Ev'ry young boy knows about  
And he fights his whole soul all the best to find some  
I was a young boy  
'till I held her in my arms  
Now I find that I'm strung out behind some

Hey!

I can't quit her  
She got her hand on me  
She got a hold on my soul  
'cause I see her face everywhere I go  
I can't quit her, woo ooo yeah  
I know  
You know I see her face  
Everywhere I go!  
I need her...I need the little girl

(Backwards Guitar Solo)  
(Horns until fade)
