(Al Kooper)

If I ever leave you  
You can say I told you so  
And if I ever hurt you babe  
You know I hurt myself as well

Chorus: Is that any way for a man to carry on  
d'you think he wants his little loved one gone?  
I love you babe, more than you'll ever know  
More than you'll ever know

When I wasn't makin' too much money  
You know where my paycheck went  
You know I brought it home to baby  
and I never spent one red cent

(Chorus)

I'm not tryin' to be any kind of man  
I'm tryin' to be somebody  
you can love, trust and understand  
I know that I can be, yeah yeah  
a part of you that no one else could see  
I just gotta hear, hear you say  
It's all right  
yeah, yeah, yeah!

I'm only flesh and blood  
But I can be anything that you demand  
I could President of General Motors baby, huh  
or just a tiny little grain of sand

Chorus: Is that any way for a man to carry on  
d'you think he wants his little loved one gone?  
I love you babe, I love you babe  
I love you more than you'll ever know

(Guitar / Sax / Guitar Solos)

If I ever leave you  
You can say I told you so  
And if I ever hurt you

You know I hurt myself as well

Chorus: Is that any way for a man to carry on  
d'you think he wants his little loved one gone?  
I'm trying to tell you I love you babe  
I love you babe yeah yeah yeah  
I love you more than you'll ever know

I love you, I love you, I love you baby!  
Well all right!  
I told ya, so many times before  
I love you I love you!  
If you don't know, then I'll tell ya one more time  
I love you! I love you!
