I woke up and found
No one beside me
No hand to hold onto
And no lips to guide me
What a hard world to face
In the light of an angry sun
Ain't it hard to get on
If you ain't got that someone, hey

And it seems that my days are numbered
Down to a precious few
People I know that
My days are numbered
'Cause I can't get it back together
Without you

I see the heaven moonlight
Syrup drippin' down my window
Flowing like a river
Through the tears that I have cried
I gotta find myself, hey
A reason to go on livin'
But you can't breathe life into somethin'
That's already died, hey

And it seems that my days are numbered
Down to a precious few
People I know that
My days are numbered
'Cause I can't get it back together
Without you
Alright

And it seems that my days are numbered
Down to a precious few
People I know that
My days are numbered
'Cause I can't get it back together
Without you

Hey hey
I gotta tell you right now

Every morning
You don't look here
Talking about Monday
