More than enough to last  
A whole night through  
And it's all for you

In the midst of all my darkness, baby  
You know you came along to guide me  
You took pity on a lonely man  
When you said, you'd stand beside me

I'll never forget you  
For what you've done little girl  
I'll never turn my back on you for anyone  
'Cause I've got

So much lovin'  
I'm a natural man  
So much lovin'

More than enough to last  
A whole night through  
And it's all for you

When my world was cold and empty  
And I needed somebody near me  
I called down on the mountainside, yeah  
Knowing full well, that you'd hear me

And to you that might seem like a little thing  
But to me, it's like changing winter to spring  
And I've got

So much lovin'  
I'm a natural man  
So much lovin'

It's more than enough to last  
The whole night through  
And it's all for you

Listen to me baby  
There's so few women, nowadays  
Who understand the soul of a man

Will now understand  
They're only always taken in  
Never are free, or helpin' hand, yeah

I know that you, yes I know that ya, you know what to do  
girl  
Any trouble comes, I know you're bound to see me  
through

You'd more than enough to last  
The whole night through  
'Cause I've got

So much lovin'  
I'm a natural man  
So much lovin'  
I wanna you to understand

So much lovin'  
I love ya, I love you  
So much lovin'
