You know I woke up this mornin' people
The first thing I did was to look into your eyes
In that space where I used to find so much truthfulness
There was a stone cold pack of lies
You know that somethin' goin' on
Somethin' goin' on and I don't know what it is
Somethin's goin' on people
All right
I went on down to the mailbox
Seems I got the phone bill yesterday
Charging me for some hour conversations
From someone in L.A.!
I know that somethin' goin' on
Somethin' goin' on, what is it
Somethin' goin' on, how about that
I better get to the bottom of that
[Long Solos]
Now wait a minute!
I wanna hear you blow now
[Sax solo with counterpoint by Kooper]
Go ahead, go ahead
I want you to blow for all the men whose women who
don't keep a true love now
I want you to blow for all the people who have to face
an empty bed now
Go ahead, blow one for yourself
Blow one for me too
Yeah, listen
You got to love your woman in the morning
You got to love your woman in the night
You got to love your woman all the time, to make her
feel all right
You got to give her what she wants
When she wants it, how she wants it, anytime she might
think she wants it
Ahhhhhhhhhhh
When your lovin' your woman people
And both of you know the score
You know it makes a long-time man suspicious
To come home, to an unlocked door
Bound to know, somethin' goin' on
Somethin' goin' on, but you don't know what it is

Somethin' goin' on people
I better get to the bottom of this, look out!
[Al Screams for a while until fade]
