Another foolish game,
I guess this time you lost,
No more keeping score, of what was said and who said
what
Too bad you couldn't see
What you could've had in me
I guess you'll never know,
That's the way these stories go, no
You won't change cause you haven't
My mind's made up I'm glad because now I'm

(chorus)

Feelin' better to know I'm better
I've finally given up, on all of the things you say
You didn't love me cause if you loved me,
I'd never walk away
I'd never walk away

Someday you'll realize
This was no surprise
Why you couldn't see, when I could so easily
No matter what you do this time we're through
And it's safe to say, you've only got yourself to blame

You pushed me away and you know it
You should be ashamed and you show it now
(chorus)

Feelin' better to know I'm better
I've finally given up, on all of the things you say
You didn't love me cause if you loved me,
I'd never walk away
I'd never walk away, Yeah

(Instrumental)

You pushed me away and you know it
You should be ashamed and you show it now

(chorus)

Feelin' better to know I'm better
I've finally given up, on all of the things you say
You didn't love me cause if you loved me,

I'd never walk away
I'd never walk away, Yeah (repeat 2x)

...I'd never walk away

(Instrumental, fades out)
