Is there really just one life  
Or am I on a journey into another one  
Take my hand I will miss you 'cause my life  
Is fading away - will you visit me?

This is the point of no return  
Just one step into another world  
Say goodbye, this is your last chance  
To finish the romance  
You don't have to cry, when my life passes by  
Death is the end in this one way trip  
Please carry on, just what we've begun  
I just was a part in your one way trip

Death is the end in this one way trip  
Death is the end in this one way trip

Will you be there beside me please take me  
Away and hold me in your arms  
I can't speak, I can't hear, I can't see  
Now it's seconds to none  
Are you strong enough?

[Pre-chorus - chorus]

I feel so cold tonight, can't see in colours  
... only black and white, when death calls...
