You can run, you can hide, but you can't escape my
love

You can run, you can hide, but you can't escape my
love

Here's how it goes
You and me, up and down
But, baby, this time we'll get it right
Worth a fight
'Cause love is something you can shape
When it breaks (When it breaks)
All it takes is some tryin'

If you feel like leaving
I'm not gonna make you stay
'Cause soon you'll be finding
You can run, you can hide
But you can't escape my love
You can run, you can hide
But you can't escape my love

So, if you go
You should know (you should know)
It's hard to just forget the past
So fast
It was good (it was good)
It was bad but it was real
And that's all you have
In the end our love matters (Oh, no, no, no, yeah)

If you feel like leaving
I'm not gonna beg you to stay (I won't make you stay)
'Cause soon you'll be finding
You can run, you can hide
But you can't escape my love
You can run, you can hide
But you can't escape my love

You can run (you can run)
You can hide (you can hide)
But you can't escape my love (my love)

You can run (you can run)
You can hide (you can hide)
But you can't escape my love

Here's how it goes
All it takes is some tryin' (Baby you can run)

If you feel like leavin'
I'm not gonna beg you to stay (I won't beg you to stay)
'Cause soon you'll be finding (you'll be finding)
You can run, you can hide
But you can't escape my love (Can't escape my love)

If you feel like leavin'
I'm not gonna beg you to stay (You can't escape my
love)
'Cause soon you'll be finding
You can run, you can hide,
But you can't escape my love

You can run
You can run
You can run (Baby you can run, baby you can hide)
You can run (But you can't escape my love)
You can run (Baby you can run, baby you can hide)
You can run (But you can't escape my love)
You can run (Baby you can run, baby you can hide)
You can run (But you can't escape my love)
You can run
You can run

(You can run, you can hide)
(But you can't escape my love)

You can run, you can hide
But you can't escape my love
