You like to think
That you'll be only one who understands me with it
And you tell everyone
That I can't live without you even for one day
But who gave you the right
To talk about the way I feel so deep inside

Now I realize, you were never mine, we were never
right
Baby, you will find

I will survive
I'm gonna make it through
Just give me time
I will get over you

I will survive
No matter what you do
Just need to see
I will get over you

'Cause baby, we'll survive
'Cause baby, we'll survive

What makes you think
That I don't see the way you made a fool of me
To laugh behind my back
'Cause what goes around I promise you goes back
Now I realize, you were never mine, we were never
right
Baby, you will find

I will survive
I'm gonna make it through
Just give me time
I will get over you

I will survive
No matter what you do
Just need to see
I will get over you

'Cause baby, we'll survive

I will survive
I'm gonna make it through
Just give me time
I will get over you

I will survive
No matter what you do
Just need to see
I will get over you

I will survive
I'm gonna make it through
Just give me time
I will get over you

I will survive
No matter what you do
Just need to see
I will get over you

I will survive
I'm gonna make it through
I will survive, yeah
I will get over you

'Cause baby, we'll survive
