There is something I gotta tell you
It goes like this

Do you know you control
Every single breath I take
You can see through my soul,
I feel it in the love we make

And I try to find a place
Where I can hide (yeah)
But every time I try to fight
The feeling it takes over me(yeah)

It must be love baby
Coz it's killing me looking in your eyes
It must be love coz
Everytime you walk away I just fall apart

And I don't know what it is,
But I feel I'm in too deep
No, I don't know what it is,
It must be love
Yeah, it must be love

When we talk you can read
Every word inside my head
Like you know what I need,
And I can't imagine anywhere
I d wanna be then right here with you baby,
Next to me
Why can't you see I try to fight

The feeling, but I do believe(yeah)

It must be love baby
Coz it's killing me looking in your eyes
It must be love coz
Everytime you walk away I just fall apart

And I don't know what it is,
But I feel I'm in too deep
No, I don't know what it is,

It must be love
It must be love

It must be love (3x)

I try to find a place
Where I can hide(yeah)
But everytime I try to fight
The feeling it takes over me(Oouh)
It must be love baby
Coz it's killing me looking in your eyes
It must be love coz
Everytime you walk away I just fall apart

And I don't know what it is,
But I feel I'm in too deep
No, I don't know what it is,
It must be love
It must be love
It must be love
