[Lil' Wayne]

Fly boy yeah right
Hey mamma they call me Wheezy
You should be with me I gotta pocket full of reasons
Baby I can bless you when you ain't even sneezing
I be at your rescue when you don't even need me
I can have you dreaming when you even sleeping
Mama I can help you get off like the weekend
You said what you wanna do it to the new Enrique
I put this in and put the song on replay
And then she backed it up like

[Enrique]

When you need it
Girl I try to hide it
But I can't escape it oh baby
Please forgive me
When I think of you my thoughts are so x-rated oh baby

Baby I don't give a damn
I know that your man's nowhere in sight oh oh
And your eyes don't tell a lie
I know you wanna come with me tonight
And I'll see you right
But first you gotta

Push it, push it back upon it (girl)
Make me believe you want it
Push it, push it back upon it (girl)
Know I can't go on longing
Push it, push it back upon it (girl)
Go ahead lay it on it (Don't stop)
Don't stop until the morning (girl)
Just keep pushing back on it

Do you want me (You know it)
Do you need me (You know it)
Will you please me (You know it)
Will you tease me (You know it)

Baby I,
I'm the kinda guy that don't get real excited (oh baby)

When you have,
When you have you're private party I hope that I'm
invited (oh baby)

Baby I don't give a damn
I know that your man's nowhere in sight whoa (what
your man gotta do with me, tell me)
And your eyes don't tell a lie
I know you wanna come with me tonight
And I'll see you right
But first you gotta

Push it, push it back upon it (girl)
Make me believe you want it
Push it, push it back upon it (girl)
Girl I can't go on longing
Push it, push it back upon it (girl)
Go ahead lay it on it (Don't stop)
Don't stop until the morning (girl)
Just keep pushing back on it

[Lil' Wayne]
Now after you back it up just stop
Now drop it like its hot, and pop it like a glock
And stop it like a watch, now move it like
Clockwork
Your body screaming and your booty is an outburst
She wanna do it do it with no delay
I told her I can run it run it just like relay
'cause I'm cool, just like the breeze way
Now push it like salt and PE-PE-PE-A

[Enrique]
Push it, push it back upon it (girl)
Make me believe you want it
Push it, push it back upon it (girl)
Girl I can't go on longing
Push it, push it back upon it (girl)
Go ahead lay it on it (Don't stop)
Don't stop until the morning (girl)
Just keep pushing back on it [x2]

Push it, push it (girl) (Mr Morales)
Push it, push it (girl)
Push it, push it (girl)
Push it, push it
