Ha haha ha ah... [x2]

Do anything you want
But never find the heart to leave me
'Cause I need you too much
So play your game but don't desert me
Maybe you heard I'm tough
To love, but baby please believe me
Don't be afraid to trust me
I wouldn't trade you for the world
And if you feel you gotta test me
Before you be my girl:

You can shake me
You can break me
But you can't make me (kill our love)
'Cause that's the only thing I won't do for you

Sometimes I say too much
I am right now
So please forgive me
When I can't help but touch
The place so deep inside you in me
I threw away my crutch
I'm running for you
Can't you see me?

Don't be afraid to try me
Come on and give a guy your whirl
And if you feel you gotta test me
Before you be my girl:

You can shake me
You can break me
But you can't make me (kill our love)
'Cause that's the only thing I won't do for you

We're always making love inside my mind
Somebody take me to the other side
I wanna get so deep inside your world
So don't run away girl

You can shake me
You can break me
(Oh, yeah)
But you can't make me (kill our love)
'Cause that's the only thing I won't do for you

Shake me
(Ow!)
You can break me
(Oh, yeah)
But you can't make me (kill our love)

I'm gonna
I'm gonna
I'm gonna make you mine

You take me to the edge
And I'll jump off the ledge
If it will make you mine
I'll lose a leg, go blind
I'll sail a thousand ships to find and kiss your lips
