every where you look you can write a book
on the trouble of a woman and a man
but you can not impose you can't stick your nose
into something you don't understand

but still you wonder
who's cheating who
who's being true
who don't even care anymore
it makes you wonder
who's doing right with someone tonight
and who's car is parked next door
i thought i knew himher well i couldn't really tell
that she had another lover on hisher mind
you could see it felt so right when she held me tight
how could i be so blind

but you still wonder
who's cheating who

who's being true
who don't even care any more
it makes you wonder
who's doing right with someone tonight
and who's car is parked next door

a heart is on the line each and every time
love is stolen in the shadows of the night

but still you wonder
who's cheating who
who's being true
who don't even care any more
it makes you wonder
who's doing right with someone tonight
and who's car is parked next door
