You make me strong, You make me weak
You lift me up my feet

You give me hope when all my dreams seem like there
out of reach

Yeah yeah yeah

You make me understand the way a perfect love
should be
You take me to a place so high, you never wanna leave

And sometimes I think of all the things I sould have
said
And I hope it's not to late, wanna make you understand

Oh Yeah

If the world crashes down
over me
I know then my life
is complete
Cause I felt you in my arms so tight
I can't imagine life without you by my side

You whisper in my ear the words
just hold me close tonight, hold me tonight

And when the pain is solden me
Your touch set me free

And sometimes I think of all the things I sould have
said

No No No

And I hope it's not to late, wanna make you understand

Oh Yeah

If the world crashes down
over me
I know then my life
is complete
Cause I felt you in my arms so tight
I can't imagine life without you by my side

If the world crashes down
over me
I know then my life
is complete
Cause I felt you in my arms so tight
I can't imagine life without you by my side
