you won't  
let me down again  
those days are over  
and we're no longer friends  
you chose drugs  
over all we've made  
i can't go back  
things just wouldn't  
be the same  
you really let me down again  
i thought that things were  
different from what others said

i heard them say  
i should have let it go  
i can't  
there's no way  
i felt like i was betrayed

now i see your world is crashing down  
all those new freinds  
are nowhere to be found  
i gave up on you  
so long ago  
the same time  
that you let us go

i won't fall down  
i won't be dragged out  
you know things  
that can hurt me  
but i won't let you get  
that close anymore  
you know the ones  
i hold dear to my heart  
but i burned your bridges down
