Harmonize my raving
Lay your hands upon my heart
D_you see ropes me strangled
Stifle so hard
Mystify my reason
Tell me: There_s only fake
Decorate my prison
With your eyes lake
Try to get inside of me
Realize and love my pain
There is no exception
Just take my dare
Interlace with bare nerves
Spread the wings and make last run
Plunge into emotions
Flying so far

I behold pulsation
Of feverish veins
I know you_ll betray me
I_m ready to die
Exited and hopeless
I dreamed _bout your skin
I_m seeing desire

I_m hearing your scream

I feel

Hypnotize my passion
Tell me lies that you know rules
But you emit temptation
This game I lose
Breaking out the rabies
Sluggish blood, yell and I wince
Try a sharpened blade
Nobody wins
Don_t you see my real grief?
Do you really understand?
Don_t you see my last choice,
I cannot stand?
Interlace with bare nerves

Spread the wings and make last prayer
Plunge into emotions
Flying away
