A witch read from the palm of his hand  
That his life would turn into darkness  
And alone he would face all the demons  
From his past that he tries to forget

An elder king warned of the dangers  
That lie in the valleys of north  
And his only chance was to find his shadow  
So he had to set forth

He is the man who travels in the land  
Of dragons and magic spells  
He rides in the winds of fire and snow  
And he rules the forest of elves

Slash of the golden sword  
A flash in the burning night  
Curse of the evil lord  
He is fighting for his life for the last time

He is the man who travels in the land  
Of dragons and magic spells  
He rides in the winds of fire and snow  
And he rules the forest of elves

Oh, such beauty in time  
But it's just external  
He cannot see the truth with his eyes  
So he is bound by a lie

The snow starts falling in paradise  
As he gazes at the stars  
He will be born again in the sky  
When the night turns into a dawn

The snow starts falling in paradise  
As he gazes at the stars  
He will be born again in the sky  
When the night turns into a dawn

Slash of the golden sword  
A flash in the burning night

Curse of the evil lord  
He is fighting for his life for the last time

On the way to the ancient castle of time  
He will soon be damned by rage  
So that his pride could betray him  
When it's time to set him free

The fears in his mind had to be pushed aside  
As he walked through the gates  
He will never die  
'Cause he is truly a hero in a dream

He is the man who travels in the land  
Of dragons and magic spells  
He rides in the winds of fire and snow  
And he rules the forest of elves

He is the man who travels in the land  
Of dragons and magic spells  
He rides in the winds of fire and snow  
And he rules the forest of elves
