The plan of invasion
An Evil deception
Was made in the halls of the dark kingdom
To steal their riches
To slave them all
To make them kneel for a new God

The Guard woke up the sleeping men
With the sound of a bronze horn
The enemy is getting closer
So brace yourselves for assault!

Swords in their hands they killed each and every man
Who dared to invade their sacred land
Victory songs are raising in the night
Telling all of their undying strength and might

Arrows are raining from the sky
As brothers fight side by side
We're outnumbered
But our destiny is to win

FIGHT!
Fight with the rage of a bear!
DEFEND!
Our homeland!
CRUSH!
Crush every enemy!
AND SEAL!
Our victory!

Swords in their hands they killed each and every man
Who dared to invade their sacred land
Victory songs are raising in the night
Telling all of their undying strength and might

Ei urhot kaukaisen Pohjolan
Uhan eessÄ taipuneet
JÄlleen pauhaa kansi taivahan
Veri valuu maahan lumiseen
Moni nÄhdÄ ei saa huomista
Moni jÄÄ heitÄ kaipaamaan

J  lkipolville j    maa rauhaisa
Voitonlaulut soi ainiaan
