Now is the time for the kids to take a stand
For what is right in our lives
It's up to you and me
To make a change, move forward
We won't be left behind
This is our life, our time
It's time we set things right
No excuses this time
For what's been said and done
Take control of your life
Just stand your ground
What will they say
When we take up the fight
No more mistakes
It's up to you and I
To ignore the labels, step out side the lies
I know together, together we'll set things right
No excuses this time
For what's been said and done
Take control of your life
Just stand your ground
You and me we can stand up
Go against the grain
This is our life and this is our time
It's time we made a change
You and me we can stand up
Have a say
This is our life and this is our time
It's time we made a change
