Visit "[How To Bleed](#)" on MotoLyrics.com

My faith has been tested
This world keeps closing in
I try to maintain a sense of myself
Your identity identifies me

Without sight I find myself falling into you
I see myself or is that you
Sometimes it's all the same
You swallow me overshadowing i become invisible
Without sight I find myself falling into you

I'm lost bet there's a voice screaming inside of me
It tries to break me tries to set me free
Do I remember how to bleed
But there's a hatred burning inside of me
And not matter where I go you're in my blood
And you always will be
