Woke up feeling useless
It happens so much now
Woke up disillusioned with a bitter taste in my mouth
Regret's my own worst enemy
It's reminds me every step
Of how life can get the best of you
Have I wasted all these years running away just buying
time
Have I wasted all these years just to grow old
Woke up feeling useless
I know I'm not alone
Woke up disillusioned but I'm not the only one
Here we go
It's written on my face
How did I get so jaded
When did all of this become so complicated
Have I
Did I
Let it all
Pass by
Can I ever make up the lost time
Will I ever get it back
Can I ever get it back
Or are these just regrets I'll have to live with
