If you're waiting for forgiveness
You should know I won't forget
Do those lies weigh in your conscience
Cause I can't let this rest
Not this time
Because it's more than nothing
It's much more than you think
I won't be the one to give in
Or the one to clean the slate
Where WHERE does it end ?where does it end
When every, every word is a lie
There's more to what you're saying
When you set out to deceive
Those lies take trust and twist it
And hold it just beyond our reach
