In these times of indifference,  
If you fall you come down hard  
IN these times of indifference,  
Without a shred of decency they stumble on

Join just to be cast aside and abandoned  
Forever lost in a crowd of self-centered fools  
Where the ultimate challenge is to raise your voice  
Just enough to be heard but not recognized

Where a cry for help of one is deemed insignificant,  
The plight of thousands wont go unheard  
And where a single word of sense is denied by  
selective ears,  
The ignorant mumble of masses turns into  
overwhelming roar...

... that clouds my judgement every day

Pay attention damn it! Don't take a word they say,  
Do not dive to the depths of incapacity  
Where the eyes of once clear-visioned  
Gradually adapt to the dark that blinds creativity

Where a cry for help of one is deemed insignificant,  
The plight of thousands wont go unheard  
And where a single word of sense is denied by  
selective ears,  
The ignorant mumble of masses turns into  
overwhelming roar...

Peel off that hedonist exterior and justify yourselves.  
You lived your lives by virtue of nothing, as  
components of disfunctional  
Machine  
Just devy it all!
