now, i don't know about you, but i don't think the primary purpose of your life, of my life and the entirety of the human race's is just to blindingly consume to support a failing economy and a faulty system. forever and ever until we run out of every resource and fall to the result to blowing each other up to ensure our own survival. i don't think we're supposed to sit by either while we continue to use a long outdated system that produces war, poverty, collusion, corruption, ruins our environment and threatens every aspect of our health and does nothing but divide and segregate us. i don't think how much military equipment we are selling to other countries, how many hydrocarbons we're burning, how much money is being printed and exchanged, is a good measure of how healthy our society is but i do think i can speak for everyone when i say, we're sick of this shit.

time to mobilize  
time to open eyes.  
we areâ€¦ ?  
this is real, but we cannot afford to fail  
act with, act with persistence  
this is real, but we cannot afford to fail  
army, establish order  
respect me and follow me  
fuck you  
we have no respect  
and when tomorrow comes  
we're gonna step on your head  
woah, woah  
calm down, (calm down mate), calm the fuck down  
gandhi mate, remember gandhi (jesus, just remember)  
alright, alright i'm fine

see if we keep them silent then they'll  
resort to violence and that's how we criminalize change

awhhhh, yabba dabba do  
understand, we don't want you rules  
who you fooling son, we've got all the tools  
we need to build a whole new system

to correct these flaws

you're a communist  
you're a fucking utopianist  
ah here they come, the immersive labels  
but they're attempted fails

cause man, we so far out your comfort zone

we stop, think, begin to revive  
we stop, think, begin to revive  
we stop, we think, we begin to revive  
we begin to revive

crawl out to the frontline  
imminent attack for the contact squad  
transmit emergency frequencies  
better crawl out to the frontline  
imminent attack for the contact squad  
better crawl out better crawl out better crawl

oh and the jigsaw starts to build  
oh and the jigsaw starts to build

piece  
by  
piece

open their minds  
transmit emergency frequencies  
open their minds

transmit emergency frequencies  
emergency frequencies  
emergency frequencies  
emergency frequencies  
emergency frequencies
