It's your future
Ohhhhhhh
This is gonna change everything (x3)
System meltdown

Stand up
How we gonna get through this alive?
Get through this alive
It's not too late, it's not too late (3x)

Stand up!
Countries are just lines, drawn in the sand

Inside this sick foundation
We've had the realisation
Inside this sick foundation
We've had the revelation
Fuck all borders and fuck all boundaries
Fuck all flags and fuck nationalities.

You've gotta give us a chance before we reach our,
System meltdown

Stand up
How we gonna get through this alive?
Get through this alive
It's not too late, it's not too late(3x)

Countries are just lines, drawn in the sand with a stick

Inside this sick foundation
We've had the realisation
Inside this sick foundation
We've had the revelation

We begin to learn to smile again
Start to walk that extra mile again
Cos I know that we are one

It's not too late, it's not too late
Stand up
It's not too late, it's not too late

Fear begins to vanish when we realise
That countries are just lines, drawn in the sand with a
stick.
