OH!

Here tonight I clock a thousand heads
Here to unite, through common dreads

So who's with me?

OH!

Now who's with me?

OH!

Something drips inside
That's been building for a thousand years
Now we can no longer hide
The immediacy of these fears

Our names will not be writ on water

And we don't need a light

NO WAY!

One day I know that they will collapse and we will be the
current!

Yes!

What you got for me?

OH!

And Now The Flood Gates Will Open!

RAHH!

You've got to know where to hide!

[2x]

We will sing as one in solidarity

We will swim together

No longer treading water

We're flowing with the tide

And you can taste the light

Don't waste the light

We will sing as one in solidarity

We will sing together

And now

And still we will be here, standing like statues!

Yeah!

The time is now

A thousand brothers

(We will sing as one in solidarity)

(We will sing together)

(And still we will be here standing like statues)
