Andromeda

These hands are reaching out for you

I saw their eyes

You let them fasten

All of their hopes on you

What a vicious thing to do...

Haven't you heard?

You're walking around and

You're falling in circles

And you're never gonna win this war

What wrongs are you righting?

And why are you fighting

If you don't know what you're fighting for?

Andromeda

You've never seemed so far away

You think you're safe

You tell me that you've got all the answers

You've got all the answers now

But some of these lines are blurred

Rest assured...

Haven't you heard?

You're walking around and you're falling in circles

And you're never gonna win this war

What wrongs are you righting?

And why are you fighting

If you don't know what you're fighting for?

Haven't you heard?

You're walking around and you're falling in circles

And you're never gonna win this war

What wrongs are you righting?

And why are you fighting?

You'll be dead before you hit the floor...

Andromeda...

More than you wanted, huh?
